TERMS OF SALE

1) A 12% buyers charge will be added to the hammer price of each lot purchased.

2) All bids are per lot as numbered in this catalogue.

3) Bids less than 60% of the estimate **will not be accepted.**

4) We reserve the right to withdraw any lot prior to sale.

5) All successful bidders shall be billed for postage, handling and insurance.

6) **We cannot be responsible for the loss of any merchandise shipped outside the United States.**

7) **All framed items are shipped at the purchaser's risk.**

8) SMYTHE reserves the right to **reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.**

9) A SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.

10) United States coins and currency will not, in conformity with law, be opened at less than face value.

11) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer. "Cut" bids (bids at less than the regular bidding intervals) will be accepted, but they must be no less than half of the regular interval over the previous bid. Each bidder may make only one "cut" bid per lot, and if they are out bid, they may make no further bids on that lot.

12) In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.

13) **All bids must be in whole dollar amounts. Percentage increases will be rounded up to the nearest dollar.**

14) **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**

15) No minors may participate in our sales. **Agents bidding on behalf of others will be held liable if their principals fail to make payment.**

16) Payment for purchases is to be made by cash, check, money order or bank wire upon receipt of invoice. No lots may be taken away unless paid for in full. A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance, or to supply us with acceptable references. Credit cards will not be accepted for auction purchases.

17) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.

18) If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgement shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.

19) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.

20) In the event of dispute, the auctioneer's decision is final.

21) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.

22) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.

23) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.

24) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.

25) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.

26) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.

27) **All material in this catalogue is unconditionally guaranteed to be genuine.**

28) No lots may be returned by floor bidders except for non-authenticity.

29) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first, but third-party graded coins (i.e. PCGS, NGS, ANACS) are **sold as is, no returns.** Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.

30) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.

31) The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.

32) The placing of a bid shall constitute **full acceptance of the fore-going terms and conditions of sale.**

Estimates

In some of the earlier Strasburg public auctions our estimates were generally expressed in this manner - ($1,000-Up). The hobby was relatively young in America and as new collectors came into the marketplace, prices constantly changed, generally upward. Many pieces came up for auction for the first time, and there was no way to know just how much they might realize. We have since developed a database of prices realized based on thousands of examples. Armed with that knowledge, estimates throughout this catalogue are done as ranges, such as ($1,000-$1,250), ($1,000-$1,500), or ($1,000-$1,750). **These estimates represent our conservative opinion as to what we feel a lot may realize, and we expect most lots in the sale to bring prices within the estimate range.** Market conditions beyond our knowledge may cause some lots to sell for less than the low estimates, or more than the high estimates.

Why are some ranges narrow ($1,000-$1,250), and some ranges wider ($1,000-$1,500)? This depends, to some extent, upon our prior experience with a particular item. For example, if an example has sold in the last three Strasburg sales and established a price level, then the estimate given will be in a narrow range. If the item has never been seen before we establish the estimates based mainly on our own experience, and we may use a wider estimate range.

Baker was organized in 1918 and located at Pueblo, Colorado. The car was based on Hartley O. Baker's steam designed generator, a burner fired by coal oil which was to power the car.

5007 **Ben-Hur Motor** (DE) 1916. **6 shs,** brown. Gold central underprint showing a convertible as part of the company's logo. Trimmed close at the borders, as is typical. Signed by B.P. Bagby, designer of the Ben-Hur, as vice president. **VF.*** *(np)* ***($150-250)***

"Its a Duesy" was a popular catch phrase associated with the car. The Duesenberg became synonymous with status, and was extremely popular with movie stars, robber barons, gangsters and politicians.

This company was founded in 1922 by Clarence Earl, a former VP of Willys-Overland who took over the helm of the Briscoe Motor Corp., and reorganized it under his name. Major disagreements with his bankers and suppliers, who compromised the board of directors, led to Earl's early resignation. The company produced about 2,000 cars before it folded.

5020 Fisherbody Ohio (OH) 1922. **100 shs,** orange. Winged allegorical female flanked by seated bare-breasted woman and muscular man. Signed as president by **Frederick John Fisher,** (1878-1941) American manufacturer and organizer of the Fisher Body Corporation, one of the largest manufacturers of automobile bodies and automobile body hardware. **VF.** *(np)* ***($125-175)***

5025 International Motors 1911. Specimen. **Shares,** Stock Trust Certificate for Preferred Stock, all purple. **EF.** *(np)* ***($130-150)***

This company was organized with a capital of $10 million for the manufacture and sale of automobiles. Manufacture is uncertain.

5026 John T. Clark Mechanically Inflated Tire (UT) 1914. **500 shs,** green. Profile view of a convertible touring car. Minor tear at upper right. **VF+.*** ***($200-300)***

5027 Liquid Air, Power & Automobile (WV) 1899. **3 shs.** Columbia with flag, shield and eagle. Pink staining and splits. **Very Good-F.** *(np)* ***($150-250)***

Widely advertised and promoted, this company was nothing but a big fraud. A prototype was built, but there was nothing fancy or revolutionary about the car, contrary to the promoters's claims that it was powered by liquid air and equipped with a device that would increase horsepower from two to five with the mere turn of a screw. Though $1,500,000 in assets were reported, only $7,500 was ever found.

5029 Marmon Motor Car (IN) 1933. **16 shs,** brown. Allegorical trio with machine parts. ABN. **VF+.*** *(np)* ***($150-250)***

Organized in 1903, this company became financially embarrassed in 1933.

5030 Moon Motor Car (DE) 1930. **100 shs,** brown. Allegorical woman winds around MOON sign board. HBN. **EF.*** *(np)* ***($200-300)***

By 1925 Joseph W. Moon was producing 13,000 cars a year, powered by continental straight eight engines. Moon attempted to produce a high quality European-type automobile, but reliability problems with his earlier model, the Diana, hurt sales, and production was halted in 1930.

5031 Packard Motor Car (NY) 1921. Specimen. **$500.** 10-Year 8% Gold Bond, Cs, orange. Allegorical woman flanked by two men. Minor splits, else **VF.** *(np)* ***($125-175)***

5032 Paige-Detroit Motor Car (MI). Specimen. **100 shs,** Common Voting Trust Certificate, all green. **EF.** *(np)* ***($150-250)***

5036 Pan Motor (DE) 1918. #22603. **One Share,** green. Open touring car. Pandolfo hood ornament. PAN hubcap. Minor splits, **VF.*** ***($200-300)***

Signed by **Sam Pandolfo,** who produced a lavish prospectus that lured investors into buying $9,500,000 worth of stock. Only about 700 cars were built, and Pandolfo got a free ride to Leavenworth for what was then termed one of the biggest advertising frauds of the century.

5037 Pan Motor (DE) 1917. #1815. **One Share,** green. Open touring car. Signed by **Sam Pandolfo** as president. Early variety. **VF+.*** ***($200-300)***

Pratt had a passion for precision and an abiding interest in the concept of interchangeable parts. He played a vital role in standardizing measurements in both the United States and Europe. Pratt's reputation for uncompromising precision helped the company obtain orders for machine tools and guns, and these early successes provided the foundation for Pratt & Whitney's entry into the aircraft manufacturing business. By the 1930's Pratt & Whitney was a giant in the aviation engine field.

Piasecki flew their first helicopter, the PV-2, on April 11, 1943, which was only the second successful helicopter to fly in the U.S. This technical achievement attracted the attention of the U.S. Navy, who awarded the young designer a contract for the construction of his proposal for a large tandem rotor helicopter capable of carrying heavy payloads in a large cabin. Thirteen months later, in March 1945, Piasecki flew the world's first successful tandem rotor helicopter, which was also the first helicopter designed for the U.S. Navy. Popularly called the "Flying Banana", it was the forerunner of modern tandem rotor transport and was capable of carrying as many passengers as comparably powered fixed wing airplanes.

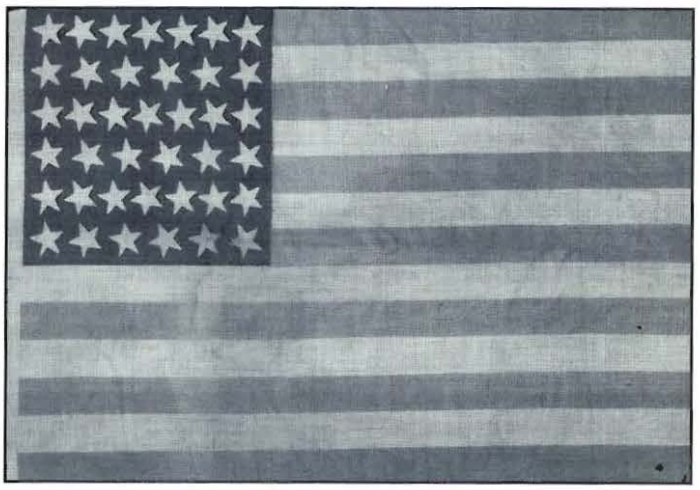
Rare American Flag



6062 INDIAN WAR ERA 39 STAR AMERICAN FLAG. ***($900-Up)***

Rare 19th century 39 star American flag printed on cotton and measuring 8" x 12". Typical of the display flags used at political rallies and public events. This would be an "unofficial" version of the 39 star flag marking North Dakota's admission to the Union, circa 1889. Under the Flag Act of 1818, a new star was to be added to the U.S. Flag on July 4, following the state's admission to the Union. The 39th state was North Dakota, admitted on November 2, 1889. However, because four other states were admitted to the Union before July 4, 1890, there was no "official" 39 star flag. The "official" flag thus jumped from 38 stars to 43 stars on July 4, 1890. Individual states often wanted a flag marking its own entry into the Union, so "unofficial" 39, 40, 41, and 42 star flags are known but are understandably very scarce. Some staining and discoloration with 2 small holes at bottom right, otherwise in good condition. A rarely seen 19th century American Flag.

Loury"*** on the image at the lower right corner. 1) Entitled *"A Traveller Stop at a Widow's Gate,"* 35 double bars of music with lyrics comprising four verses. 2) Entitled *"I am a Friar of Orders Grey,"* 48 double bars of music with lyrics comprising three verses. Each comical illustration depicts a caricature of the subject mentioned in the song's title.
